About the artist

My professional career is primarily as a clinical psychologist. However, I have played music, composed and arranged since my childhood. I play the clarinet, piano and guitar, and sing vocals. My musical taste leans toward classical style, but I especially love the creativity of "contemporary" compositions of the twentieth century. Due to two separate injuries of my right hand I have a special interest in how the clarinet can be played with the left hand only. Therefore I offer several arrangements here to be played on clarinet, left hand only. I hope you enjoy these even if you haven't been injured.
