Korčulanski plesovi

About the artist

I'm not a professional musician, but I spent my entire life in a folklore ensemble and I have a lifelong passion for music. At one time I was offered a position of a teacher for young musicians within KUD Jedinstvo folklore society and during that time I accumulated music pieces that I want to share with you. Mostly traditional Croatian folk music with distinct Mediterranean influence, Italian music, and some of the Hungarian-influenced pieces. There is also some of the more modern music like The Beatles. Most of the music that I will provide is adapted for two guitars. Hope you will find some value in this collection for yourself.
