

LIGHTNING BLOW

Lyric and music

Germain Frederic Santarelli

A/ I shall never ever forget
what I saw in the bright reflect
of your very pretty green eyes,

A'/ the big and mysterious feeling
Connected with your shining
loosing control of my thinkings

B/ it was not possible, for me to know
What was happening

C/ I already knew that the feeling
I had for you was so genuine
and so rare for, any lover
because Cupido is not knocking
on the door, every morning

D/ Despite the fire of desire,
I must go far away from you
with my pain and my frustrations
I can't get rid of your image

E/ with the eternal, sensation
of my burning passion
