About the artist

I'm a software engineer. Basically, I'm a computer geek who loves to solve problems. I have been developing software for the last 25+ years but have recently rekindled my love of music. I am relearning the piano and my first love; the pipe organ. I am active in our church (the Sierra Vista United Methodist Church: (http://www.lovesvumc.com/lovesvumc/Welcome.html) and am eager to provide spiritual sustenance such as harp, organ and handbells arrangements.

Many of my scores are posted with individual parts and matching play-along however, this is not always practical. If you would like individual parts to any of my scores or other specific tailoring, please contact me directly and I will try to accommodate your specific needs.

Comment: Near the end of Johann Sebastian's life there was a move away from the more 'learned' forms in music, mainly fugue and counterpoint. His sons were some of the leaders of this change to the style galant that would lead to the Classical Era of Haydn and Mozart. Amid all the changes in musical style of the time, the Elder Bach's music was being looked upon as well crafted, but old fashioned. But Johann Sebastian online)
