About the artist

I'm a software engineer. Basically, I'm computer geek who loves to solve problems. I have been developing software for the last 25+ years but have recently rekindled my love of music.

Many of my scores are posted with individual parts and matching play-along however, this is not always practical. If you would like individual parts to any of my scores or other specific tailoring, please contact me directly and I will try to accommodate your specific needs.

He was an important representative of Czech music in the second half of the 18th century and the beginning of the 19th century. Some of his more forward-looking piano works have often associated with Romanticism. Dussek was one of the first piano virtuosos to travel widely throughout Europe. He performed at courts and concert venues from London to Saint Petersburg. (more online)
