## About the artist

I compose and arrange music for the guitar as well as conduct sing-alongs and perform at retirement homes and hospitals. I hope you are enjoying my compositions and arrangements. My wish is that you share all of your music by volunteering to perform for the underprivileged and play in hospitals and retirement homes for seniors and the disabled. I've included lyrics with some of my music. If you want to really learn the music and become an entertainer, try singing the lyrics while playing the music. If you can do that, you indeed can entertain people. In addition, if you are interested in improving your memory skills for guitar music, I would recommend reading the book, "Moonwalking with Einstein" by Joshua Foer - especially chapter 8, 'The OK Plateau'. While this book does not directly address how to memorize guitar music, it is an excellent general book on memory skill techniques.

<b>Comment:</b>	A shamal is a northwesterly wind blowing over Iraq and the Persian Gulf states (including Saudi Arabia and Kuwait), often strong during the day, but decreasing at night. This weather effect occurs anywhere from once to several times a year, mostly in summer but sometimes in winter. The resulting wind typically creates large sandstorms that impact Iraq, most sand having been picked up from Jordan and Syria.

The musical score is for a guitar (GTR. 1) in 4/4 time, marked Moderato. It consists of six staves of music, each with a key signature of one sharp (F#) and a common time signature of 4/4. The score is divided into measures, with measure numbers 5, 9, 13, 17, and 21 indicated. Above the staves, Roman numerals (X, IX, VII, I, V, III, II, I, V, I, X) are placed, likely indicating fret positions or chord types. The music features a mix of eighth and sixteenth notes, with some measures containing triplets or other rhythmic patterns. The overall mood is calm and steady, consistent with the 'Moderato' tempo marking.
