About the artist

He studied classical guitar from the age of 11 with several private teachers. Very interested also in all aspects of group musical activity, he was always involved in organisation of instrumental and vocal ensembles. He practises also tenor and soprano saxophone and sings as vocalist (baritone-bass). He has also a good knowledge of violin and keyboard.

The first approach with composition was with short transcriptions for classical guitar of any kind of music from classical to popular world. Proceeding in the study of classical and jazz harmony, he realised many original guitar composition and recently, with the aid of digital musical instruments and the personal computer, also some orchestral works, never executed by real players.
