About the artist

Born in 1954, after being a guitar conservatory teacher, and a guitar and keyboard interpret, now teacher at Université de Franche-Comté, France, modal and atonal counterpoint, MAO, and didactic, Colette Mourey is a composer, author of more than 2000 edited titles, and she works on the elaboration of her new musical system, hypertonalité, she has conceived and invented from 2008 to 2012.

Her « hypertonalité », which is founded on scales longer than octava, creating an open spiral (replacing the old cycle), radically modifies atonal counterpoint and permits the reintroduction of natural consonances in a contemporary language.

The transition from atonality to « hypertonalité » is the consequence of the wish she formulates, to close together contemporary composition and the most wide audiences, while keeping a complex musical organization.
