

# Gorden Gibson

Arranger, Composer, Teacher

United States (USA)

## About the artist

I compose and arrange music for the guitar as well as conduct sing-alongs and perform at retirement homes and hospitals. I hope you are enjoying my compositions and arrangements. My wish is that you share all of your music by volunteering to perform for the underprivileged and play in hospitals and retirement homes for seniors and the disabled. I've included lyrics with some of my music. If you want to really learn the music and become an entertainer, try singing the lyrics while playing the music. If you can do that, you indeed can entertain people. In addition, if you are interested in improving your memory skills for guitar music, I would recommend reading the book, "Moonwalking with Einstein" by Joshua Foer - especially chapter 8, 'The OK Plateau'. While this book does not directly address how to memorize guitar music, it is an excellent general book on memory skill techniques.

## About the piece

<b>Title:</b>	Swallowtail Jig
<b>Composer:</b>	Traditional
<b>Arranger:</b>	Gibson, Gorden
<b>Licence:</b>	Gibson, Gorden © All rights reserved
<b>Publisher:</b>	Gibson, Gorden
<b>Instrumentation:</b>	Guitar solo (standard notation)
<b>Style:</b>	Traditional
<b>Comment:</b>	This solo tune does a good job in giving a clear feeling about the intent of the tune. If you close your eyes, as the tune is being played, you can almost see this type of bird fly through the air as it swoops and soars to catch flying insects.
