About the artist

I compose and arrange music for the guitar as well as conduct sing-alongs and perform at retirement homes and hospitals. I hope you are enjoying my compositions and arrangements. My wish is that you share all of your music by volunteering to perform for the underprivileged and play in hospitals and retirement homes for seniors and the disabled. I've included lyrics with some of my music. If you want to really learn the music and become an entertainer, try singing the lyrics while playing the music. If you can do that, you indeed can entertain people. In addition, if you are interested in improving your memory skills for guitar music, I would recommend reading the book, "Moonwalking with Einstein" by Joshua Foer - especially chapter 8, 'The OK Plateau'. While this book does not directly address how to memorize guitar music, it is an excellent book on general memory skill techniques.

About the piece

Title:	The Boys of Ballycastle
Composer:	Traditional
Arranger:	Gibson, Gorden
Copyright:	Gibson, Gorden © All rights reserved
Instrumentation:	Guitar solo (standard notation)
Style:	Traditional
Comment:	In Scotland and England the tune is known as "The Gypsie's/Gypsy's Hornpipe," one of several by that title. The Scottish Kerr's vol. 1 has the tune as "Leggett's Reel" but places it in a section of Irish reels for quadrille or country dancing. This is such a beautiful piece, I used harp sounds for the score.
