Since the age of 12 years, I learnt by the practice and by the composition and I hope one day I can manage one of my works. It is an expensive dream for me but also can be utopian because I have no diploma, or qualification. The themes of my first put down deposited partition scores were written when I was 14 years old, the others followed and were found via the listening of classic pieces W.A. Mozart and Beethoven my referents for the style and the practice of the piano and the flute. My style builds itself even if my current work is above all to orchestrate all these themes and to make them fit to be seen via MAO magix notation. I propose paying partition scores on another site recently - on the advice councils of one member limb of free-score-to be able to equip me in material equipment and be able to in terms produce myself...
