A propos de l'artiste

Im a software engineer. Basically, Im computer geek who loves to solve problems. I have been developing software for the last 25+ years but have recently rekindled my love of music. Many of my scores are posted with individual parts and matching play-along however, this is not always practical. If you would like individual parts to any of my scores or other specific tailoring, please contact me directly and I will try to accommodate your specific needs.
