A propos de l'artiste

I play the piano since I'm 7 yo, so for 21 years now. Starting with classical piano only I tried to switch to Jazz/Blues etc. about 7 years ago. The problem with classical music is you always need sheets to get started and it didn't change for me as I started to play Gene Harris. Not a chance I could hear and play any song that instant. So that's the story of this transcriptions which took me many hours to complete. Now I want to share this awesome music with you but as it took me this much time to transcribe these tunes I just cannot give it away for free. Thank you for your understanding and enjoy!
