A propos de l'artiste

Music is for me fun. I grew up on rock and metal music. On the guitar, I slowly began to learn in 15 years. At nineteen, I said I wanted the music to do it right, so I started going to the teacher, where I began to learn the basics jazz improvisation and harmony. At the time I peeked into other genres blues at first, then I know Jimi Hendrix, Edi van Halen Jef Beck and others. Then I was fascinated by classical guitar Tarega, Villa Lobos, I finally went to a teacher for 11 years. At the moment I'm trying to learn jazz guitar and compose on the computer
